

Final Day Report (Day 12, Friday 23rd November)

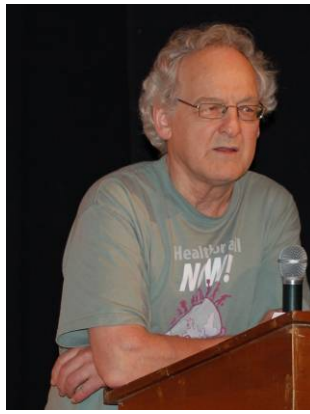

In the morning the country and project groups made brief presentations of their thinking and plans. See linked presentations.

We had our closing session straight after these final group presentations.

Nicholas and Nazmoon were the facilitators, supported by Kayvan, Premdas and others.

The MCs made welcoming speeches and then invited Zafrullah, David and Hani to offer their final thoughts.

We then had a final photo session.
