UAEM

Universities Allied for Essential Medicines (UAEM) is a global movement of university students organizing on their campuses and beyond to ensure that publicly funded medicines and medical innovations, especially those address neglected health needs, are affordable and accessible to the people who need them.

Chapters in more than 20 countries and 100 universities

US Students Urge UCLA to Drop Proxy Patent Battle for Cancer Drug in India

The university has been pursuing the battle on behalf of Pfizer and has “rejected or ignored” requests from civil society to drop the patent.
